

Visiting Granny & Grandad again

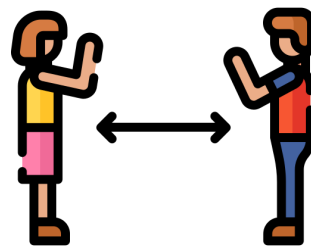

Because of COVID-19, I have not been able to visit my granny and grandad as often as I usually do.

COVID-19 cases are going down, and we are now allowed to visit people in different households again. This means that I can visit granny and grandad.

Today I am going with my family to visit granny and grandad. I'm a little nervous because I haven't seen them in so long.

When we get to granny and grandad's house, I get out and say a big hello to them! I remember to keep my distance because even though they have been vaccinated, there is still a small chance they might get COVID-19.

I talk to granny and grandad about what I'm learning in school right now, and how everything has changed because of COVID-19.

After a little while, I get into the car and head home with my family. I'm really happy that we are able to visit other people again.
